

Technical Specification Of Battery Operated Flow Meter “*FLOREDO*”

Model: F100

Sr.	Description	
1	Function	Rate Indication, Cumulative/Total count.
2	Display	7 Digit LCD
3	Meter Dimensions	90 x 90 x 68 mm
4	Weight	290 gm.
5	Mounting	On line type vertical or horizontal
6	End connection	1" BSP Threaded end.
7	Protection	IP 65
8	Programming	Through front panel keys.
8	Power Supply	Built in 3.6V lithium battery { Auto Off }
10	Operating Pressure	4 KG.
12	Operating Temp.	0-55 ⁰ C
13	Calibration	Adjusting scale factor
14	Flow range	500-5000 LPH
15	Accuracy	+ - 2%
16	Flow Range	500 to 5000 LPH
